To: RM

From: Marylou Whiteford

Subject: Early Warning — Violette Park — "Splendor"

I spoke w/ Ken Rudko today regarding construction of David Adams' landscaping for "Splendor" driveway retaining wall not according to plans. Automated & approved. He said it was his recollection that we/Parks paid it was OK. Absolutely not so! He said it was OK. Absolutely not so! This change — as if? ships further onto park — is a very significant change in visibility! Property & park for public visibility, land & park for public.
